The completion of this study could not have been possible without the expertise of Mrs. Rhodessa J. Cascaro, their beloved capstone adviser. They would also like to thank Mr. Rogelio O. Badiang Jr., Ms. Sheila May B. Escabillas and Mr. Clyde Chester R. Balaman, their panelists for taking the time to read the capstone and evaluate the system.

They would like to thank the Research Coordinator Mrs. Melannie C. Ramayla for helping them with their manuscript.

Last but not the least, they would like to thank their parents Mr. And Mrs. Serencio and Mr. And Mrs. Laganson for without them none of this would indeed be possible.
